President's report 16 Oct 2025

There have been lots of events offered in the last month and planning into the next month also has many. There is a good range of grading levels offered and also a range of day paddles and camping trips, so thanks to all leaders. Numbers attending some events is low but I still think that people attending have had a good time and that as long as leaders are happy being out paddling this is OK.

Shauna has informed me she is unable to lead paddles until sometime next year due to ongoing health issues.

Yolanda added.

If you'd like to understand the spike, that was due to sharing a couple of posts onto community pages situated along coastal or close to water areas. I'd also be interested to see what the analytics are for the website if possible, as I'm adding the website link to the posts in order to send people who are not members to our website. One of the stats that I saw was that 86% of viewers were non members.

Next meeting: 20 November at 37 Scott St Parkside
